## ***CHRISTINE WOOD-TANK IS PROMOTED TO VP, CORPORATE OPERATIONS***

**Madison, Wisconsin- January 22, 2016-**

Laura L. Douglass President & CEO Next Generation Clinical Research announced today the promotion of Christine Wood-Tank to Vice President of Corporate Operations.

In this role, Wood-Tank will have expanded responsibility for all corporate operations including accounting, facilities, vendor management, business development and human resources as well as increased oversight of strategic planning, performance management and operational efficiency. Wood-Tank joined Next Generation in 2003.

In making the announcement, Douglass said, *“Christine has been an instrumental leader in building infrastructure and efficiency into our company operations. Her efforts to ensure successful corporate operations have had a significant impact on how we do business. Christine has consistently demonstrated solid judgment, professionalism, and a commitment to success in everything she does. I’m very happy to recognize her efforts with this promotion.”*
